

# Vendor and Product List

The following products have successfully passed the City of Seattle's or the State of Washington's safety and environmental criteria. They were reviewed for safe chemical content based on toxicology data and information from the manufacturer. These products have also been found effective in on-the-job trials by City of Seattle cleaning professionals. Other cleaning products may not have been reviewed or may not have met our criteria. If you are interested in buying these products, please use the contract information below.
